ADVERTISEMENTS.

PRELIMINARY ADVERTISEMENT. — (PROVISIONALLY REGISTERED.)—A general desire has long been felt and expressed among all classes for the establishment of a *Morning Newspaper*, which should compete in all its departments with the gigantic monopoly of *The Times*. But the impossibility of finding any one individual wealthy enough to advance the necessary capital for such an enterprise has hitherto prevented the accomplishment of an object universally admitted to be desirable, and allowed to be certainly profitable.

Arrangements are now being made for the formation of a Company for the purpose of establishing a thoroughly honest and independent daily morning newspaper, which in every department shall be as complete as skill and capital can make it. To the commercial affairs of the country, its railroads and public works, it will pay special attention, and it is designed that no expense shall be spared to make it in all respects the *Leading Journal of Europe*.

The great profits of such an enterprise if successful are too well known to need description.

The title of this newspaper to be "THE MORNING MAIL."

Its principles to be strictly constitutional, but keeping pace with the spirit of the age; at the same time to be entirely independent of party.

Capital 400,000*l.* in 40,000 shares of 10*l.* Deposit (as fixed by the Act of Parliament), ONE SHILLING per share. But although the shares are nominally 10*l.* (to which sum the liability of the shareholders will be carefully limited by the charter of incorporation), it is calculated that only 5*l.* per share will be called for. The purpose of fixing the shares at so small a sum is to interest as many persons as possible in the prosperity of the Journal, and to secure its more certain independence of all party or personal influence.

The shares will be allotted in the order in which the applications are received; but a preference will be given to Auctioneers, Solicitors, Directors of Companies, and regular Advertisers.

The Provisional Committee will be announced shortly. In the mean while, applications for shares, in the usual form, with references, should be addressed to "*The Committee of the Joint-Stock-Newspaper Company, care of the Publisher of the Critic, 29, Essex-street, Strand;*" or to MR. WILLIAM ROBERTS HARRIS, 36, Great Coram-street, Solicitor to the Company.

COMPOSITIONS FOR WRITING WITH STEEL PENS.

STEPHENS'S WRITING FLUIDS.—These Compositions, which have so remarkably extended the use of the STEEL PEN, are brought to very great perfection, being more easy to write with, more durable, and in every respect preferable to the ordinary ink. In warm climates they become essential. They consist of—

A BLUE FLUID, changing to an intense black colour.

PATENT UNCHANGEABLE BLUE FLUID, retaining a deep blue colour.

A SUPERIOR BLACK INK, of the common character, but more fluid.

A SUPERIOR CARMINE RED, for contrast writing, adapted for artists and those who use water-colours.

A CARBONACEOUS RECORD INK, unchangeable by any chemical agent.

A MECHANICAL RULING and PAPER ARCHITECTURAL DRAWING INK. Superior to the best Indian Ink for the above purposes, and has the advantage of being ready for immediate use. It rules without breaking, and follows the brush or ruling-pen with the greatest facility.

Bottles at 3d. each, convenient for writing from, are prepared, which will enable those who may wish to try either of these articles to do so at a small expense.

Also, a new kind of MARKING-INK for Linen, and INKHOLDERS adapted for preserving Ink from evaporation and dust.

Prepared by HENRY STEPHENS, the inventor, 54, Stamford-street, Blackfriars-road, London, and sold wholesale and retail by booksellers and stationers, in bottles at 3d., 6d., 1s., and 3s. each.

CAUTION.—These unchangeable BLUE FLUIDS are Patent Articles. The public are, therefore, cautioned against imitations, which are infringements, to sell or use which is illegal.

A verdict of 2,000 dollars, liable to be increased to 6,000 dollars, having been obtained against parties who have been convicted of selling imitations of this article, in violation of the patent right of the inventor, in the United States of America, and several notices having been repeatedly issued to caution persons against infringing those rights in this country, by making or selling this Article, the Proprietor issues this as a final notice, which, if disregarded, he will be compelled to institute proceedings at law against all who may be committing these illegal acts.

HENRY STEPHENS, 54, Stamford-street, Blackfriars-road, London.

STEPHENS'S SELECT STEEL PENS.

The utmost possible care having been bestowed upon the manufacture of these articles, so as to procure the highest finish, they can be confidently recommended both for flexibility and durability.

Schoolmasters and the Trade supplied on liberal terms.

BORROW a RAZOR!!! "Go a borrowing, go a sorrowing," is an old lady's adage, and may be true with reference to gold or silver, but it is not true as regards Steel Razors, and ought not to influence gentlemen, either young or old.

The DIAMOND-EDGE UNPOLISHED RAZORS* at 2s., 2s. 6d.; and ivory 3s. 6d. each; and JOHN TEETGEN'S LONDON RAZOR STROP (Philosophical) of 1845, at 1s. to 6s. each, are submitted for trial on LOAN. The proprietor,

JOHN TEETGEN, 10, OPPOSITE BISHOPSGATE CHURCH, hopes that this offer will be embraced by all who do not shave as they can and should do, viz. quite clean, and with a sense of pleasurable relief; those who from painful experience may be doubtful of this being effected, are entreated to give J. T. the benefit of the doubt; try his Razors, be astonished and delighted.

The RAMBLER POCKET DRESSING CASE, 7 inches long, 3½ wide, and 1½ deep, contains Strop, Razor, and Comb; Tooth, Nail, Shaving, and Hair Brushes. 15s. 4d. complete.

THE PERFECT SUBSTITUTE FOR SILVER.—The high estimate formed by the public during the ten years RIPPON and BURTON'S chemically purified material has been before it (made into every useful and ornamental article usually made in silver, possessing, as it does, the characteristic purity and durability of silver), has called into existence the deleterious compounds of "Albata Plate," "Berlin Silver," and other so-called substitutes; they are at best but bad imitations of the genuine articles manufactured, with the view of satisfying the purchaser, by RIPPON and BURTON, and sold only by them.

In the lengthened and increasing popularity of the material itself, and the high character of the method of plating, the public have a guarantee that the articles sold by RIPPON and BURTON (and by them only) are, as it regards wear, immeasurably superior to what can be supplied at any other house, while by no possible test can they be distinguished from real silver.

CALIGRAPHIC BLACK LEAD PENCIL,

MANUFACTURED BY E. WOLFF AND SON,

No. 23, CHURCH-STREET, SPITALFIELDS, LONDON.

The Caligraphic Pencils have been invented by E. Wolff and Son, after the expenditure of much time and labour. They are the result of many experiments, and every effort that ingenuity and experience could suggest has been made to insure the highest degree of excellence, and the profession may rely upon their being all that can be desired.

They are perfectly free from grit; and for richness of tone, depth of colour, delicacy of tint, and evenness of texture, they are not to be equalled by the best Cumberland lead that can be obtained at the present time, and are infinitely superior to every other description of Pencil now in use.

The Caligraphic Pencils will also recommend themselves to all who use the Black Lead Pencil as an instrument of professional importance or recreation, by their being little more than half the price of other Pencils:—

H, HH, HHH, HB, B, BB, F, FF, W*	4s. per dozen.
BBB, EHB	8s. ,,
BBBB	12s. ,,

* This Pencil is particularly recommended for writing and counting-house use.

An allowance on every gross purchased by artists or teachers. May be had of all artists' colourmen, stationers, booksellers, &c.

A single Pencil will be forwarded as a sample, upon the receipt of postage stamps to the amount.

CAUTION.—To prevent imposition, a highly-finished and embossed protection wrapper, difficult of imitation, is put round each dozen of Pencils. Each Pencil will be stamped on both sides, "Caligraphic Black Lead, E. Wolff & Son, London."

*** The usual trade allowance to stationers, booksellers, &c.

A show-box or specimen gratis with an order for a gross of Pencils.
